PLAN OF THE ALLIANCE MEN IN ALABAMA.

CHEATED AT THE POLLS THEY WILL NOT AC-KNOWLEDGE THE GOVERNMENT OF

USURPERS. THE TELEGRAPH TO THE TRIBUNE.

Montgomery, Ala., Aug 8.—The political situation in Alabama is one of great gravity. Every hour brings something new, something startling, or Dividends to policy holders in 1891, 25.78 per something radical. But the last proposition which is being considered by the Alliance and the fol lowers of Kolb is the newest that has ever been heard in this country. The State Alliance meets in Cullman to-morrow and fifty or seventy-five Alliance men of prominence from different parts of the State have been in the city to-day talking with the Kolb leaders. They say that they will of the full moon behind a vapor of ribboned clouds try to right what they call their wrongs by a lent an Oriental touch to the gay scenes. Japanese measure more far-reaching and drastic than anything ever conceived. The proposition they are discussing is to clog the wheels of government by refusing to pay taxes during the term of office of Governor Jones. They hold that they won the election fairly and squarely, and that they have been robbed of the fruits of their victory. They maintain that the officers returned as elected are usurpers, and they will not support the tiovernment administered by officers not entitled to govern. A prominent Alliance man and Kolb leader said to-night:

"I have heard of this proposition. Alliance men are discussing it everywhere. It will be discussed at Cullman to-morrow. It will be formally presented at the next meeting of the Kolb State Executive Committee. If the Alliance and the Kolb Committee conclude to adopt the proposition, an address will be issued setting it forth and advising the people to pay no taxes. I am opposed to the measure because I think it too far-reaching. I am not in a position to say whether it will be adopted or not, but hope it will not, because I believe that if it is the people will follow it. The Alliance numbers 50,000 in this State, and it they refuse to pay taxes, men who follow Jones will refuse to pay all the taxes, and the State Government cannot run without money." This, or some other extreme measure may be

This, or some other extreme measure may be stopped at the Alliance meeting to-morrow.

In the official count in Pike County Saturday ten boxes were thrown out for alleged irregularities, and the result was that the county, which by the unofficial returns had gone for Kolb by 800, was transferred to the Jones column by fifty-five majority. The people of Pike are red-hot, and to-day a meeting was held in Troy at which eleven of the fifteen beats in the county were represented. This meeting decided to call a convention to be held in Troy next Monday to devise some means "to right what we conceive to be an outrage on the sanctity of the ballotbox in disfranchising voters, and returning as elected men who received a minority of the wotes cast." A resolution was passed by the meeting declaring that there was no longer an issue between men as individuals, but a move by the machine to crush the people, and it was accepted as such. The meeting to-day suggested that each beat of the county select ten of its most conservative citizens next Saturday to represent it in the convention Monday. They are determined, and declare that they mean business.

WHOLESALE FRAUDS IN ALABAMA. HOW THE STATE WAS CARRIED FOR JONES-TALK ING OF A FUSION PLECTORAL TICKET.

the Editor of The Tribune Sir: I have just investigated the election frauds in Dallas County. Dallas County has 1,840 white voters and 6,000 negro voters. The returns of the election show that Captain R. F. Kolb, the opposition candi date, received 1,500 votes, and Jones, the nominee of the regular Democracy, received 7,800. The returns show more votes cast by 1,400 than there are voter in the county. Besides this wholesale stuffing of boxes I find that Kolb has the affidavits of men show ing that about 700 white men' voted his ticket, and the negroes were practically solid for Kolb. The Kolb ngers kept tally sheets, and these show that challengers kept tally sheets, and these show that 6,440 voters cast Kolb tickets; yet the returns show that the Kolb majority has been reversed and given that the Kilb majority has been reverse were

[1] Jones. In Berkin Precinct only 25 votes were
cast, yet the managers return 111 for Jones. In
Mitchell'a Precinct 30 votes were polled, yet 445 votes
were returned, 5 for Kolb and 440 for Jones. Selma
Precinct has only 1,600 votes, yet the managers return 2.429 for Jones, and 213 for Kolb. Kelb chal igers swear that there were 600 votes for Kolb. In Martin's beat only 40 votes were cast, yet returns how 740 for Jones and 13 for Kolb.

The above are but samples of the frauds in Dallas County at our last election. In Perry County the Jones men intimidated and drove away from one polling-piace 240 negroes, who refused to vote for Jones. The Jones men had a large number of Kolb men away from the polls. Kolb has safely carried the State by at least 50,000 majority. Conterts will be filed in every county where this swindling has been perpetrated. Jones is claiming the State by about 5,000 to 10,000 majority, and this majority is a fictitious negro vote that was never east, but was stuffed into the various boxes by the Jones managers, who had control of the election and the machinery. It is safe to say that this new party formed in Alabama will never again go with the "Organized Democracy," but will fight them from this time on. It is though a fusion electoral ficket will be put out by the Kohmen. If this be done Cleveland does not stand the ghost of a chance of getting Alabama's vote.

A JONES NEGRO KILLED BY A KOLE WHITE MAN Montgomery, Ala., Aug. 8 (Special).-The news of montgomer, Ale., and remaining out of the re-another fatal shooting affair, growing out of the re-sult of the recent State election, reached here to-day from Greenville, a town south of Montgomery, on the Louisville and Nashville Railroad. He picked up a brick to throw, but the crowd passed on. After-"Gus" Hicks, son of a former tax assessor, net the negro and the quarrel was renewed, the negro grawing a knife and Hicks using a pistol. The negre-was shot three times, dying almost instantly. A large crowd of negroes at once collected around Hicks, threatening him, but the officers arrested Hicks, hustled him out of the crowd, and put him in juil. There is a great deal of feeling in the community growing out of the shooting, and furtifer brouble may be expected, the Jones men taking the side of the negro and the Kolb men that of Hicks.

THEY ARE FORMING COUNTY LEAGUES ALL OVER THE STATE.

Colonel E. A. McAlpin, president of the Republican state League, said yesterday that the news received at the League headquarters at the Fifth Avenue Hotel in previous twenty-four hours showed that the sug neeting last Wednesday, in favor of the fermation County Leagues, were already being carried out. "Our reports just in from the interior," the Colonel said, "give evidence of increased activity in every sec tion of the State. County Leagues are the order of the day. The Republican clubs of Onondaga County will meet at Syracuse on Thursday, September 1, to form the Onondaga County Republican League. The idea is favorably regarded wherever it has been discussed, and when put into general effect will add immensely to the efficiency of the chub system and its favilities for organization. The Senator disappointed them, however, by going to Normandie hy-the-Sea. This is only six miles from Long Branch where William F. Harrity was staying last night. A good road connects the two places, and it is thought that Chairman Harrity drove over to sound the Senator as to his position in this campaign.

AN EFFORT TO WIN CONNECTICUT.

Chairman Carter, of the Republican National Committee; Secretary McComas, James S. Clarkson, Cor-nellus N. Bilss, Samuel Fessenden, Governor Bulkeley and the chairman of the Republican State Committee were in consultation at the Republican National headquarters yesterday regarding the campaign in Con-necticut. Governor Bulkeley and other leading Republicans are certain that the electoral vote of Consectiont can be secured for the Republican ticket, in case there is a wide dissemination of protection truths there. The workingmen in that State are well satisfied with their present condition, and Gov-ernor Builkeley believes that they will not vote for an uncertainty. The discussion yesterday was mainly in regard to the speakers who will be sent into the State for the campaign.

MR. HORR AROUSES ENTHUSIASM IN BROOKLYN An enthusiastic meeting was held by Republicans of the Second Werd, Brooklyn, at No. 47 Sands-st., last evening, to hear the issues of the campaign presented by ex-Congressman Roswell G. Horr. The hell was ex-Congressman Roswell G. Horr. The hell was thronged. John J. Casey called the meeting to order and introduced Francis H. Wilson, chairman of the Kings County Republican Campaign Committee, to preside. Mr. Horr was warmly welcomed, and his lively sallies provoked repeated laughter and applause. He gave his reasons for being a Republican, and set forth the merits of the American system of Pretection, in contrast with the English policy of a Free-Trede tariff. He illustrated his topic from the history of the growth of industries festered by the protective policy, such as the manufacture of hardware, earthenware, weelen and linen goods, and tin-plate. The largest the plate factory in the country, he said, was about to start up in Brooklyn. It was under the management of Somers Brothers, who had put \$240,000 in the factory, and proposed to use 100 boxes. \$240,000 in the factory, and proposed to use 100 boxes of the tin-plate in their own business, and to employ 250 men. BANNER RAISING ON STATEN ISLAND. AN ENTHUSIASTIC MEETING OF REPUBLICANS AT

ST. GEORGE. There was a large and enthusiastic gathering of the Republicans of Staten Island last night to attend the banner raising, ratification meeting and house-warming of the newly organized Republican Club of Richmond of the newly organized Republican Cand of Ricamond County at No. 452 Richmond Terrace, near Nicholas-st., St. George. At 8 o'clock the attractive clubhouse which has a fine and unobstructed view across the Harbor to New-York, was brilliantly lighted and decorated with Chinese lanterns. The adjacent grounds and street were thronged with stanch Republicans.

While the band played, Republican clubs arrived from Tompkinsville, West Brighton and New-Brighton. The president of the club, S. G. W. Benjamin, who was formerly United States Minister to Persia, introduced with a few appropriate words the first speaker of the evening, Colonel James Fairman, who com-manded the 96th Regiment of Volunteers in the Army of the Potomae in the war. Tolonel Fairman spoke pon the benefits of Republican Protection as con trasted with the misery and want caused by Demo ratic Free Trade. His speech held the close atter tion of his audience for over an hour and a half. It bristled with facts, figures and statistics, and was sufficient to cause the most rabid Democratic Free

Irader to open his eyes. After Colonel Fairman had closed his address Mr. Benjamin introduced A. Willis Lightbourn, who is an active Republican, being president of the Reciprocity Club of the XIXth Assembly District in this city. Mr. Lightbourn delivered a firm and forcible speech upon the Republican party as the party of patriolism, and he paid special tribute to President Harrison as a sagacious statesman who had made a brilliant record in office, and to White-

THE BOHEMIANS WELL ORGANIZED

The Bohemian Republican Central Organization held a meeting in its hall at No. 324 East Seventy-first-st. last evening to indorse the Minneapolis platform and nomnations. There are Bohemian Republican clubs in every assembly District in New-York City, except in the first live. Representatives from nearly every district were at the central headquarters last evening and much en-thusiasm was expressed for the Republican platform and thusiasm was expressed for the Republican platform and candidates. President Vaci Pavelka called the meeting to order and made a ringing speech in Robemian, which was interrupted frequently by applause. He said that the Bebenian-Americans are Republicans because they believe in American wages. The Democratic party, he went on, pretended to be extremely salicitous for the welfare of the laborer, but it, was eccking to break down the safeguards which protect him. It was a wolf in sheep's clothing. The splendid Administration of President Harri son and the great prosperity of the country at the present time were sufficient arguments to prove the right of the Republican party to a continuance in power. At the close of the address resolutions were passed unanimously indorsing the Liepublican platform. It was decided to hold a separate ratification meeting in each

"Judge Peckham may side with Judge Rumsey should the case get to the Court of Appeals, but then we have four more Democrats upon whom we could depend. Chief-Justice Earl was appointed to his present place to fill the vacancy caused by the death of Chief-Justice Ruger, by Governor Flower, at the request of several Democratic leaders. He would not go back on them. Judge O'Brien was made by David R Hill who had him nominated first for Attorney-General and then for the Court of Appeals Maynard is all right and can be depended upon. To carry Maynard is about all any judge wants to undertake, and to have the additional burden of deciding the gerrymandering act constitutional, from political reasons, is more than enough, in the opinion of the judges. The Governor has no power to call the Court of Appeals together, but it was said vesterday that the Chief Justice could do so, and that might be done early in September, so that the Legislature would still have time again to reapportion the State, if a majority of the members of the Court of Appeals follow the precedents established by the Michigan and Wisconsin courts, and wipe the unconstitutional gerrymandering law from the statute-books of this State.

MR. CLEVELAND NOT WANTED IN ILLINOIS.

Chicago, Aug. 8 .- The Democratic State Central Committee met in this city to-day and decided not to open the campaign in Illinois until September, although the Republicans will open the fight on August 18, by a state rally at Springfield.

The proposition to invite Grover Cleveland to visit the state during the campaign did not find favor with the party leaders, most of them believing that the educaopportunities of success and made it advisable not to take any action which would tend to divide the Illinois voters on strict party lines this fall.
